

2012 CR USER GROUP CONFERENCE

June 11-15, 2012

Renaissance World Golf Village Resort, St. Augustine FL

We are once again pleased to invite CR users to participate in the Annual CR User Group Meeting to be held at the Renaissance Resort at the World Golf Village in St. Augustine, Florida on July 11-15, 2012.

The meeting will include user presentations and blue ribbon panel to discuss specific questions concerning CR Technology. The conference has become the premier forum for exchange of information and techniques that are being used within the industry. Participants will learn about the latest in CR Applications, industry direction, get a glimpse of future CR developments and network with other CR experts.

The purpose of the meeting is to expand CR knowledge across industry boundaries and to provide forum for open discussion of issues and opportunities within the field. The conference will offer participants the opportunity to explore the applications and techniques used in the fields of aerospace, petrochemical, nuclear and many other NDT areas and gain will include educational opportunities focused on CR.

** We will be giving a FREE 8 hour Training Course on Thursday and Friday Afternoon. These hours do go towards your ASNT hours that are required at the end of the year. **

If you would like to give a presentation at the conference, please contact myself or Jill Titus at 850.432.0355 or email jill@starrview.com. * Your conference fee will be waived!*
